DECKED FLEET

MADE IN USA

WE CREATED DECKED TO MAXIMIZE VEHICLE FLEXIBILITY AND WORK PRODUCTIVITY WITH AN ERGONOMIC CARGO STORAGE SOLUTION DESIGNED FOR COMMERCIAL APPLICATIONS. WITH A 2000 LB SYSTEM PAYLOAD AND A 200 LB PAYLOAD RATING PER DRAWER, DECKED ENHANCES FLEET VEHICLE FUNCTIONALITY.

FULLY FEATURED DESIGN

TRUCK & CARGO VAN

ERGONOMIC

Increase productivity and reduce worker injuries with a bed organization system that slides tools, hardware and other critical items out at waist height, right in the 'power zone.'

WEATHERPROOF

DECKED is designed to live outside in the elements. Engineered to keep tools and other drawer contents protected and dry, the exterior of DECKED is unaffected by extreme shifts in temperature, moisture levels or intense UV exposure.

FULL BED USE

By raising the deck to just above the wheel wells, with our true 2000 lb payload rating, the entire footprint of your truck or van bed is preserved—perfect for hauling construction materials, welders, compressors and other large items.

COMMERCIAL GRADE

We use chemically resistant HDPE, robust hardware, heavy duty sealed bearing wheels and sophisticated molding technology to create a product that meets the demands of commercial applications.

EFFICIENT

With an overall system weight of 200-220 lbs, DECKED will not significantly impact vehicle payload capacity or fuel economy. Vehicle wear and tear is minimized while payload capacity is maintained.

INCREASED PRODUCTIVITY

DECKED increases productivity on the job by reducing trips in and out of vehicles to retrieve items. Tools and other essentials are organized and accessible at tailgate height.

WORK SMARTER

OUR COMPANY MISSION IS TO MAKE WORK EASIER, INCREASING PRODUCTIVITY AND EFFICIENCY. ERGONOMICALLY ENGINEERED AND RUGGED, DECKED IS THE IDEAL STORAGE AND ORGANIZATION SOLUTION FOR BUSINESSES THAT RELY ON THEIR VEHICLES AND EMPLOYEES TO WORK PRODUCTIVELY AND SAFELY.

THE DECKED DIFFERENCE

DESIGNED FOR THE JOB

STRENGTH

Using CAD data and OEM engineering standards, DECKED delivers a 2000 lb system payload and a 200 lb true load rating per drawer. Employing High Density Polyethylene (HDPE) co-molded to a galvanized steel sub-frame, the result is a system that maintains the same payload carrying capability of a factory truck bed or van cargo area.

MINIMAL VEHICLE IMPACT

DECKED attaches to bed tie downs and cargo attachment points with little to no drilling of the vehicle required. Easy to remove or reinstall with minimal impact to the truck or van, DECKED provides flexibility of use as well as preserves vehicle remarketing value.

EASE OF INSTALLATION

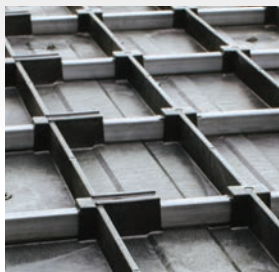

DECKED can be assembled and easily installed with basic tools in a cost effective time by an experienced installer. Removal or reinstallation requires 15-20 minutes.

CORROSION INHIBITORS

DECKED uses stainless steel, galvanized steel and zinc chromate hardware with anti-corrosion coatings that exceed automotive industry standards.

RECYCLED MATERIAL

DECKED is made from 100% recycled HDPE and steel for a greener approach to your business.

AMERICAN STEEL

30% of the DECKED system weight is steel. HDPE is co-molded to a galvanized steel sub-frame.

UTILITY

Four ammo cans do triple duty; they support the deck, provide additional storage and enable access to your bed's tie-downs for easy installation.

INDUSTRIAL GRADE

We use heavy duty, sealed bearing wheels, robust hardware and sophisticated molding technology.

DRAWER HEIGHT

8.375" +.375" above the drawer and below the deck

DRAWER WIDTH

18" (top), 16.75" (bottom)

DRAWER LENGTH

FULL SIZE BED: 72.1" (top), 66.1" (bottom)
SHORT BED: 61.4" (top), 55.4" (bottom)

The Weather Guard ATR
 is a heavy-duty aluminum
 truck rack that is
 designed to hold up to
 1000 lbs. of gear. It
 features a built-in
 toolbox and is
 available in silver or
 black. Call us today
 at 1-800-4-A-TRUCK
 for more information.

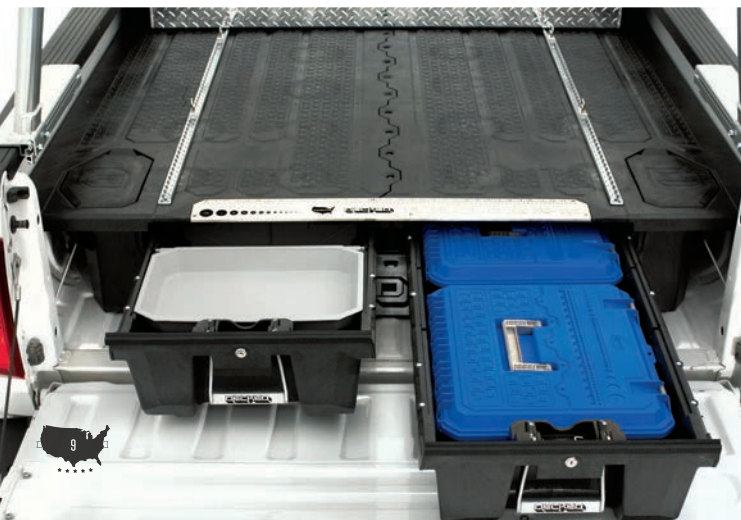

DECKED D-BOX

ERGONOMIC & NESTING

THE **DECKED D-BOX** TAKES ERGONOMICS TO THE NEXT LEVEL. GET MAXIMUM CARGO STORAGE EFFICIENCY AND DRAWER FUNCTIONALITY IN A DURABLE, WEATHER-PROOF TOOLBOX.

TWO D-BOXES FIT IN EACH 5'6" **DECKED** SYSTEM DRAWER AND THREE D-BOXES FIT IN EACH 6'6" DRAWER. MADE IN USA.

- + Lockable
- + Vertical & horizontal carry handles
- + Ruler and common diameter bit/screw guide molded into lid
- + Recessed lock levers
- + Weatherproof vapor seal gasket
- + Two grip points for easy removal from drawers

TRAYS AND DIVIDERS

Get more out of your DECKED drawers with customizable storage thanks to our accessory trays and dividers. Segment your space to fit your needs, and utilize removable trays to truly get organized for the task. Trays and drawers are tinted light gray to make seeing what you are looking for easier.

CORE TRAX 1000

Custom Core Trax 1000 tie downs screw to the steel tubes in your deck to secure bulky loads. Made from powder coated 6061 T6 aluminum with stainless steel tie down loops, Core Trax offer a 500 lb pull-out rating.

T-TRACK RACK MOUNTS

DECKED T-Tracks screw to the steel tubes in your deck allowing compatibility with Thule and Yakima rack systems. Made from 6061 T6 aluminum.

LOCKS

Secure expensive tools, hardware and other essentials with our drawer lock and key system.
