THE WORLD'S LARGEST SELECTION OF TONNEAU COVERS

Solid Fold 2.0 e-MAX EnCore Trifecta Revolution Express FullTilt TuffTonno Classic Platinum BlackMax

“EXTANG ENGINEERED” MEANS SOMETHING

Extang Engineered isn't a tag line or something we made up, it's who we are.

Our company has consistently been the best in the market since we opened our doors in 1982, simply because we are constantly striving for more. Extang holds more patents than any other truck accessories company. We've perfected nearly every aspect of the tonneau cover, and we refuse to leave well enough alone. Our products are so well designed, and built to such exacting standards that they perform beyond your highest expectations. Engineering is at the heart of why Extang is the number one selling tonneau brand in North America.

We believe everything can always get better, we can always improve, and we promise to always be Extang Engineered.

A SMART INVESTMENT

Studies show the average truck owner drives 18,000 miles per year. At 15 mpg that comes to 1,200 gallons of gas. At a minimum 10% savings you would save around 120 gallons of gas a year. You can see why it wouldn't take too many months to have your new tonneau pay for itself. Check out our Gas Savings Calculator at extang.com.

There are conservatively 850,000 Extang tonneaus on the road everyday and based on the average gas savings, Extang tonneaus save America 102 million gallons of gas per year or approximately \$382,500,000.

Savings may vary and are not guaranteed.

INDUSTRY'S BEST WARRANTY

We care about you and how much you love your truck. Extang's Maximum Strength Warranty has you covered longer than most truck owners will own their trucks. Extang warranty information is available at extang.com

EXTANG ENGINEERED

All-new lightweight 1" thick panels made of automotive grade high-strength thermoplastic skins with polypropylene core for the ultimate in dent resistance. They're cool to touch on hot days and will not fade or break down under heat load.

SPEEDKLAMPS: INSTANT ACCESS

Rear tail section clamps operate with spring action handle for instant fasten and release. Clamps conveniently stow away when not in use with the new flush pocket design.

OEM MATTE FINISH

The Solid Fold 2.0 features a black matte finish and textured powder coated aluminum panel frames and hinges for extra wear resistance and protection.

SOFT TRI-FOLDING COVER
WITH FULL BED UTILITY

e-MAX

TONNO

Extang has re-engineered our best selling Trifecta to work in ways it never has before. The e-MAX Tonno includes all the great Trifecta features plus it folds up to the cab at a 90 degree angle.

e-MAX grants you full bed utility without removing the cover, allowing you to haul anything such as motorcycles, ATVs and big box appliances.

e-MAX

TONNO

Extang has re-engineered our best selling Trifecta to work in ways it never has before. The e-MAX Tonno includes all the great Trifecta features plus it folds up to the cab at a 90 degree angle.

e-MAX grants you full bed utility without removing the cover, allowing you to haul anything such as motorcycles, ATVs and big box appliances.

UNCOMPLICATED CONVENIENCE
e-MAX Tonno is the only soft-folding cover that folds up at the front of the truck bed to offer more bed utility than any other folding cover.

RELIABLE SECURITY
e-MAX Tonno uses our exclusive Secure Shut latching system to keep the cargo protected. Spring action rear SpeedKlamps for instant fasten and release.

DEPENDABLE QUALITY
e-MAX Tonno, like all Extang products, is proudly made in the USA with the best materials and attention to detail. We back our work with a Maximum Strength Lifetime Warranty.
